Carol:

Attached is a planogram for the 4x4x4 w/glass enclosure setup. Please note the following with regard to the Marlboro Store which I visited yesterday.

- Philip Morris has placed their brands on the entire back fixture. No rows were allocated to Lorillard and BAT as indicated on the planogram. PM has 36 more rows then they need in this store.

- I will need 8 more for an RJR Contract.

- Shelving in the glass enclosure should be adjusted to 6 high top, and 5 high on 2nd and 3rd shelves to accommodate all brands.

-

Please let me know if this planogram can be implemented, and which stores it will involve.

Thanks!

Nick
